What is a Hearing Loop?

“Wi-Fi for Hearing Aids!”

Who can benefit?

People with hearing loss, especially those who wear hearing aids, or cochlear implants, and others using headsets to access the loop.

What spaces can use them?

Houses of worship, doctors' offices, pharmacies, theaters, private businesses, government facilities, auditoriums, and your own TV room!

Hearing Loss is a growing problem in our society!

Today 48 million people in the USA and 16% of North Carolinians have hearing loss!
